

News Release

Total Career Success – Tom Walsh, PhD., Business Consultant on Succeeding in Job Search and Consulting

VoiceAmerica Radio Show features Tom Walsh, PhD., Business Consultant. The show is designed to inform and encourage listeners to achieve their career goals by featuring experts and business leaders to provide [job search assistance](#) and career development. Tom Walsh has 29 years in business and consulting and brings a wealth of knowledge and insight to the [career development](#) process. While his expertise is in the plastics industry, the lessons he shares apply across industries, functions and careers.

“ I knew when we first met Tom, that he would be a star in his field. Already accomplished and facing a layoff, he immersed himself in our transition process determined to make it the best thing rather than the worst thing that could happen to him. ”

Houston, TX ([PRWEB](#)) December 21, 2009 -- Houston, TX December 22, 2009 – Tom Walsh, PhD., Business Consultant, will be featured on Total Career Success, an Internet show on VoiceAmerica Talk Radio Network, at 11 a.m. Central on Monday, December 28, 2009. The show is designed to inform and encourage listeners to achieve their career goals by featuring experts and business leaders to provide job search assistance and career development. Tom Walsh has 29 years in business and consulting and brings a wealth of knowledge and insight to the career development process. While his expertise is in the plastics industry, the lessons he shares apply across industries, functions and [careers](#). Some of the lessons shared include:

- Be flexible in a tough market
- Work hard and target your search
- Focus on your passion and what you are really good at
- Manage your own career – don't wait on your company to lead the way
- Keep learning throughout your career or be left behind
Never stop networking

Better Job Better Pay Better Life

During his twenty nine year career in the plastics industry, Tom Walsh has worked in research and development, product and application development, technical services, sales and marketing, operations, and trade association management. His firm, Walsh Consulting Services, has completed over one hundred and fifty consulting projects for over one hundred international and national chemicals, plastics materials and plastics manufacturing companies. Show co-host Sheryl Dawson shared, “I knew when we first met Tom, that he would be a star in his field. Already accomplished and facing a layoff, he immersed himself in our transition process determined to make it the best thing rather than the worst thing that could happen to him.”

Dawson added, "Taking every aspect of Job Search: The Total System to heart, he applied the techniques to achieve his career objective and advance both his position and pay."

Co-host Ken Dawson added, "Tom leveraged his expertise to launch his consulting business and has seen his client base and his revenue increase dramatically. Hard work, as well as effective networking have enabled him to be sought after in his field as an expert."

The show will air live at 11 a.m. - noon Central on December 28, 2009. To listen, please visit Voiceamerica.com and search for Total Career Success. The archived show will be available for replay or download at the Total Career Success website, or from iTunes <http://www.itunes.com/podcast?id=311541702>

About Tom Walsh, PhD., Business Consultant

During his twenty nine year career in the plastics industry, Tom Walsh has worked in research and development, product and application development, technical services, sales and marketing, operations, and trade association management. His firm, Walsh Consulting Services, has completed over one hundred and fifty consulting projects for over one hundred international and national chemicals, plastics materials and plastics manufacturing companies. He has now developed and written new product and installation standards in the American Society for Testing and Materials (ASTM) and contributed to the revision and development of many other standards in ASTM and the American Water Works Association (AWWA). These projects cover a diverse variety of plastic material areas, and have involved extensive travel in North America and Europe for his clients. He is a Fellow of American Society for Testing and Materials (ASTM) and recipient of the Award of Merit from ASTM and of the Honored Service Award from the Society of Plastics Engineers (SPE). Tom received his Bachelor of Science degree in Chemistry from Boston College and a Doctor of Philosophy in Chemistry from Rensselaer Polytechnic Institute.
